

**Summary:**

Haigh-Farr is a premier antenna design, manufacturing and test house developing products used across all platforms in the aerospace industry including missions to Mars, the International Space Station and products fielded to the U.S. Military supporting the warfighter. In our over 50-year history we have enjoyed steady, planned growth. In 2021, Haigh-Farr plans to further grow our team and capabilities to meet increasing demand and to expand into new markets and antenna technologies.

Haigh-Farr is seeking Test Technicians with experience testing antennas in one or more of the following areas: Antenna pattern testing in anechoic chambers, network analyzer measurements, dynamic (shock and vibration) testing, thermal cycling and thermal vacuum testing. The individual will work closely with colleagues and outside vendors to ensure testing is completed accurately and on schedule.

Responsibilities:

- Perform RF and environmental testing accurately and on schedule (Vibration, Shock, Thermal and Thermal Vacuum are all done in house).
- Identify needs and coordinate testing with outside labs.
- Compile and manage test data to ensure it is accurate and complete.
- Assist in test procedure writing.
- Assist in organizing and maintaining test equipment and fixture.
- Some travel to outside test labs may be required.

Knowledge and Skills:

- Experience testing antennas in an anechoic chamber and operating RF Network Analyzers required.
- Ability to work independently.
- Positive, team player who will pitch in where needed to get the job done.
- Meticulous record keeping with basic computer skills.

Qualifications:

- Minimum High School Diploma or GED, higher education a plus
- U.S. citizenship required, with ability to possess a security clearance

Why should you join Haigh-Farr?

Haigh-Farr is a fast paced, growing company that recognizes employees with a promote-from-within philosophy. We believe in a friendly work environment where employee contributions are well received and a key component to our success. Our facility features state of the art technology and the latest manufacturing and testing capabilities. Please see more details about our benefits below.

- Health Insurance Plan with Health Reimbursement Feature, Dental Insurance and Vision Insurance
