

HAI GH-FARR, INC. Purchase Order Notes

HF-PO-001--Acceptance

By accepting the order, Seller agrees to all the terms hereof without any modifications or additions, unless such modifications or additions are specifically agreed to in writing by the Buyer.

HF-PO-002--Quality System

The Seller shall maintain an effective and economical Quality System IAW ANSI/ASQC Q9001/ISO 9001, AS9100 and ANSI/NCSL Z540-1 or propose equivalent systems. This Quality System shall be documented in the Seller's internal procedures and available for review by Buyer's representatives. The Seller shall develop, implement and maintain controlled procedures for inspection and test equipment to ensure products meet the specified performance requirements.

HF-PO-002A--Inspection System

Seller/Manufacturer's inspection system must, as a minimum, meet the requirements of ISO 9001-2008 or MIL-I-45208. Seller/Distributor's providing items must maintain manufacturing records indicating test and other manufacturing data to reflect Manufacturer's compliance to (ISO) ANSI Q9002 or MIL-I-45208 as a minimum.

HF-PO-003--FOD Prevention

Seller shall have in place a FOD (Foreign Object Debris/Damage) Prevention Program to ensure identification, awareness, prevention, training and employee practices for the control and elimination of Foreign Objects. This FOD Prevention Program shall be documented in the Seller's internal procedures and available for review by Buyer's representatives.

HF-PO-004--Changes to Materials, Methods of Fabrication or Configuration and Movement to a New Production Facility

Seller shall immediately notify the Buyer in writing of any changes made or intended to be made to materials, methods of fabrication or configuration, any contemplated outsourcing of fabrication processes or of any intended movement to a new production facility of the parts or materials being ordered under this Purchase Order. This Purchase Order Note shall apply to any change no matter whether deemed "insignificant" by Seller since effect of change, while not impacting Seller's level, may have effect at higher levels of integration.

HF-PO-005--Parts Obsolescence

Seller shall identify to Buyer in writing within seven (7) business days any parts or materials being used in the items being purchased under this Purchase Order that have been identified as "unavailable for new orders" or which are anticipated to be in short supply into the future.

HF-PO-006--Delivery

Seller shall notify Buyer in writing of any delivery delay within 24 hours of becoming aware of such delay.

HF-PO-007--Traceability

Traceability is required by serial, date code, batch and/or lot number. When serial number traceability is required, do not duplicate serial numbers. Serial numbers cannot be duplicated per part number.

HF-PO-008--Accident Prevention Program

Seller shall establish and maintain a comprehensive accident prevention program for their activities relating to their contractual obligations and such shall be made available for HF review upon reasonable request.

HF-PO-009--Pollution Prevention Program

The Seller shall establish and/or maintain a Pollution Prevention Program that maintains compliance with all Federal, State and Local regulations and requirements.

HF-PO-010--Packaging

All parts and materials purchased under this Purchase Orders shall be packaged and shipped in accordance with "best commercial practices" so as to prevent damage in transit.

HF-PO-011--Special Marking Provisions of Technical Data:

This Purchase Order requires marking any technical data provided with distribution statements, export control warnings notice and destruction notice IAW DoD Directive 5230.24.

HF-PO-012--Environmental

The Seller shall comply with Federal, State and Local environmental laws and regulations. The Seller shall establish and maintain a Hazardous Materials Management Program (HMMP) IAW National Aerospace Standard 411. To the greatest extent possible, the Seller shall avoid use of the hazardous materials found on 5 lists known as EPA 17, Class 1 ODC's, EPCRA 302, 313, & 313A. Priority for avoidance shall be given to chemicals identified as one of the EPA 17 and Class I ODC's. Buyer shall be notified of Seller's use of any chemical from these five lists prior to manufacture/preparation for delivery of any parts or materials being purchased under this Purchase Order.

HF-PO-013--Specialty Metals

All articles delivered under this Purchase Order must be in compliance with the requirements of DFARS 252.225-7008, Restriction on Acquisition of Specialty Metals and 252.225-7009, Restriction on Acquisition of Certain Articles Containing Specialty Metals. By accepting the purchase order accompanying these P.O. Notes the Seller certifies compliance with the requirements of these DFAR's.

HF-PO-014--Pure Tin

All products supplied on this purchase order shall be free of solder, platings, coatings, and claddings that exhibit either of the following:

- a) material composition greater than 97% tin by weight
- b) tin alloy with composition of less than 3% lead by weight

HF-PO-015--Inspection Records

Inspection records shall be maintained by the supplier as objective evidence as to the acceptability of the contracted articles through procurement, fabrication, assembly and/or tests. Records must be maintained for a minimum period of ten years or as otherwise stated elsewhere in this order. Seller shall not change the status of the retained records without written approval of the Buyer.

HF-PO-016--Reserved

HF-PO-017--Revision level requirements

Military Specifications and Standards referenced shall be to the latest revision level in effect on the date of this order, unless specified otherwise.

HF-PO-018--Certifications required

A Certificate of Conformance is required covering goods delivered under this order. In addition, all relevant material certifications must be included verifying that the goods delivered meet the specifications, standards and other requirements applicable.

HF-PO-019--Counterfeit Parts

- (a) Definition. "Counterfeit Work" means Work that is or contains items deliberately misrepresented as having been designed and/or produced under an approved system or other acceptable method. The term also includes approved Work that has reached a design life limit or have been damaged beyond possible repair, but are altered and deliberately misrepresented as acceptable.
- (b) Prohibition. SELLER agrees and shall ensure that Counterfeit Work is not delivered to HAIGH-FARR. SELLER shall at a minimum have a counterfeit parts prevention program that meets the intent of AS5553.
- (c) Prevention. SELLER shall only purchase products to be delivered or incorporated as Work to HAIGH-FARR directly from the Original Component Manufacturer (OCM)/Original Equipment Manufacturer (OEM), or through an OCM/OEM authorized distributor chain Work shall not be acquired from independent distributors or brokers unless approved in advance in writing by HAIGH-FARR.
- (d) Notification. SELLER shall immediately notify HAIGH-FARR with the pertinent facts if SELLER becomes aware or suspects that it has furnished Counterfeit Work. When requested by HAIGH-FARR, SELLER shall provide OCM/OEM documentation that authenticates traceability of the affected items to the applicable OCM/OEM.
- (e) Remedies. In the event that work delivered under this contract constitutes or includes counterfeit work, seller shall, at its expense, promptly replace such counterfeit with genuine parts conforming to the requirements of this contract. Notwithstanding any other provision in this contract, seller shall be liable for all costs relating to the removal and replacement of counterfeit work, including without limitation HAIGH-FARR's cost of removing counterfeit works, or reinserting replacement work and of any testing necessitated by the reinstallation of work after counterfeit parts have been exchanged. The remedies contained in this paragraph are in addition to any remedies HAIGH-FARR may have at law, equity or under other provisions of this contract.
